Directions for use:

The slides in this PowerPoint presentation were specifically selected to align with concepts being taught in a simple and engaging manner suitable for 4-10-year-olds in Connect with Kindness lessons.

Each of the examples are identified with the theme/skillset number, as well as an individual number that corresponds within a lesson. For instance, the first example in this PPP is for Theme/skillset 1 and is numbered 1.1.

If you go to the kindness boost lesson for Theme/skillset 1, there is a lesson that calls upon you to find example 1.1, a photo of Ayesha from the Philippines.

Kindness Poem

When you show kindness, you can not be mindless.

When you are kind you will shine.

Be kind to everyone you meet then you will be neat.

When you are kind you will show a sign for everyone to be kind.

When you are kind you will be universally aligned.

We love our grandparents,
By a group of first graders,
7-8 years, Lithuania

“While addressing their grandparents, the students used phrases like this, “You took care of us for many years, we remember the warmth of your hands; you taught us the truths of life, while spreading your tenderness, kindness, care, and love around the house. The students drew pictures and created portraits of their grandparents.” (From the teacher Birutė Kairienė describing her first graders’ artwork)

Christmas Tree for Animals

By Kotryna, 11 years old, and her sister
Fausta, 4 years old,
Lithuania

**Christmas tree
animals**

From Kotryna: "I thought what if animals in the forest would have a holiday tree. My sister wanted to help, so did my dad. We all hung up food for the animals and there we go! On each twig, like a toy, we hung a piece of bread and a couple of apples. Under the tree we added carrots, potatoes, and a couple more fruits. As we left, we breathed fresh forest air. By doing good deeds, we become better ourselves."

Kindness Poem
By John,
12 years old,
Switzerland

A poem by John [\(1000000\)](#)

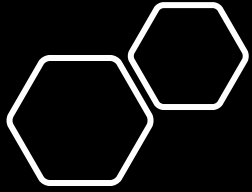

Kindness looks like turquoise water.
Kindness sounds like a calm, beautiful ocean.
Kindness smells like a fresh baked apple pie.
Kindness feels like jumping onto a warm, soft bed.
Kindness tastes like a cold Sprite when it's a warm day.
Kindness is the colour of bright green grass and tangled
jungles.
Kindness brings us all together.

Friendship bracelets for Ukrainian children

By a group of middle
school students headed
by Rachel, 12 years old,
USA

Once at a Youth Board meeting we talked about our possible kindness projects. Maya who lives in Poland gave me an idea. She was thinking of making friendship bracelets and giving them to Ukrainian kids arriving in Warsaw. I thought that was a great idea, so I decided to start this project in America. My guidance counselor and I emailed back in fourth and we set a day for a meeting...

Once my project was approved, I got to work. I spent some time making a poster for the school main entrance, and I purchased a basket to collect the bracelets. After the poster was done, I started spreading the word around the school. I worked hard on making perfect announcements for the daily bulletin that was broadcast over the loudspeaker. I got the message out on Google classroom as well.

So far my middle school has made 121 bracelets, and more to come. The bracelets will show the Ukrainian children they are not forgotten and that people in the USA care about them.
